THE COPPER ROCK.

Mr. PORTER presented the petition of Mr. Eldridge who, by virtue of a license to trade with the Indians, purchased of them this mass of copper, and had incurred considerable expense in removing it, when he was met by the Government agent, who obliged him to surrender it; he prays for remuneration, or possession of the mass of copper. mass of copper.

THE TARIFF.

Mr. EVANS, from the Finance Committee, to whom was referred the bill of Mr. McDuffie, to revive the Compromise Act, and modify and revise the existing Tariff, reported, from a majority of the committee, a resolution that this bill conflicted with the 7th section of the 1st article of the Constitution, and was a bill to raise revenue. On the motion of Mr. E., the resolu-tion and bill were printed, and postponed until Monday next.

OREGON.

Mr. BREESE'S resolution that the President give notice to Great Britain of the desire of this country to annul the 3d article of the Convention of 1828, which provides for the joint occupation of the Oregon territory, was then taken up.

A variety of opinions prevailed as to the proper disposition of this resolution; but it was finally

postponed until Monday next.

INDIANS.

Mr. ALLEN'S resolution, calling on the President to inform the Senate whether any Indian tribes within our territory were in the regular receipt of presents from the English Govern-ment, was taken up and passed without debate. GENERAL JACKSON.

The hill, passed by the House, restoring the fine to General Jackson, was read twice and referred to the Committee on the Judiciary.

EXECUTIVE SESSION.

The Senate went into Executive session, remained a short time therein, referred the nomination of Mr. Spencer as an Associate Justice of the Supreme Court, and rejected that of Mr. Snethen as Solicitor of the General Land Office.

HOUSE OF REPRESENTATIVES.

Mr. HUNT, of N. Y., presented a resolution, which was adopted, directing the Secretary of War to communicate to the House the amount of money expended upon the Oak Orchard harof money expended upon the Oak Orchard har-bor, and the sum necessary to complete the de-signed improvements. A resolution was adopt-ed directing the Committee on Pensions to re-port upon the expediency of granting compensa-tion to pension agents.

A resolution of Mr. WENTWORTH'S to

grant certain public lands to the State of Illinois, was referred to the Committee on Public Lands. A bill for the establishment of a national foundry for cannon, introduced by Mr. Bidlack, was

referred to the select committee on the subject.

A bill to authorize the purchase of stock held by individuals in the Portland and Louisville canal, was referred to the Committee on Com-

RETRENCHMENT.

A bill, introduced by Mr. Dean, of Ohio, to reduce the pay of Senators and Representatives in Congress, and all the officers of the Government, was read, and referred to the Select Committee on Retrenchment.

ORDERS OF THE DAY.

The SPEAKER announced the rules and or-ders to be the unfinished business of the morning Mr. WISE, one of the select committee on this subject, asked leave to make a minority re-

Mr. A. V. BROWN, who was entitled to the floor, thought it better to postpone the whole subject for the present.

A motion to this effect was made. Mr. OWEN, of Ia., more summarily, moved to

lay it on the table. The yeas and nays were demanded by a multitude of voices, and the House rejected this motion by 107 to 76.

The question returned upon postponement.
The SPEAKER decided that a majority could do this; but, Mr. ADAMS insisted that it would require

two-thirds.

Mr. WHITE asked what would be the effect

if the Speaker's decision prevailed?
The CHAIR said, that if postponed to a day certain, it would take precedence of all other

THE PRESIDENT'S MESSAGE.

Mr. C. JOHNSON moved that the House go into Committee of the Whole upon this subject.

Mr. WINTHROP was called to the Chair.

Mr. WELLER opened the debate, and talked in his usual style about Western interests.

A WORD TO THE WISE .- A wise man about to build a house sits down and calculates how much it is to cost. A wise people about to elect a President should sit down and calculate how much he is to cost. Let us apply this test to Van

Buren.

Madison's eight years expenditure, when the nation was engaged in war, and subject to heavy extra expense, was - \$144,634,939 Monroe's eight years expenditure 104,463,400 Adams's four years - 50,501,914 Van Buren's four years - 140,585,321

Van Buren for four years cost the nation nearly as much as Madison's eight years, including three years of war. It cost about \$36,000,000 more than Monroe's eight years, and \$90,000,000 more than Adams's four years. For this immense expenditure of money in time of peace the people received a bankrupt Treasury and a debt of received a bankrupt Treasury and a debt of \$28,000,000. Truly if Mr. Van Buren cost so much when tried before, is it likely he will cost much less if tried again.—Geneva Covr.

CERTIFICATES.

I, Amos Webster, of Boston, feel it a duty to acquaint my friends and the public, of the efficacy of the Balsam of Liverwort. Having been troubled with a very bad cough for a great length of time, and having resorted to most of the remedies which are recommended for coughs and colds without any effect, I was induced to try the Balsam of Liverwort, and by taking two bottles, I was restored to perfect health.

I, the subscriber, have taken Mrs. Gardner's Genuine Balsam, of Liverwort, for a complaint which my physician called consumptive, and by the use of two bottles I was cured entirely. Therefore, I do with the utmost confidence recommend it to the public for complaints of that kind.

THOMAS HASKINS, Jr.

Boston, Nov. 1, 1831.

It is with great pleasure I recommend the efficacy of Mrs. Gardner's Balsam of Liverwort, having
made use of it myself, and in my family, for the last
two years, and have found it the best remedy for the
cure of coughs and colds, and all complaints of the
breast, that I ever witnessed in my family. I consider it one of the best articles ever invented, and recommend it to all who may be afflicted.

ASTONISHING AND TRUE.

A MONG THE THOUSAND MEDICINES advertised as certain cures for pulmonary complaints."
JAYNE'S EXPECTORANT stands alone. Its path to the public confidence has been paved, not with puffs, but CURES; and the vouchers for its efficacy include an array of names which, for character and respectability, cannot be surpassed in this country.—DR. JAYNE, being binnself a Physician, does not profess to perform physical impossibilities; but he does assert, and is borne out by well authenticated facts, that in all DISEASES OF THE LUNGS AND CHEST, which are susceptible of cure without miraculous interference, his EXPECTORANT will restore the patient to health. No other medicine will remove the mucus or pus from the throat so thoroughly as this. It effectually looses the coagulated masses from the membrane which lines the tranchia, and at every cough the patient will bring up portions of the disengaged matter. In all complaints of the pulmonary organs, even where nature seems to be making no effort to throw off the disease, JAYNE'S EXPECTORANT imparts vigor to the machinery of respiration, and enables them to disencumber them selves of obstructions which had impeded their free operation. Shepherdstown, Va. Oct. 10, 1843.

Dear Sir:—You inquire of me whether I have used your Hair Tonic, and the effects.

Several years ago my hair began to fall rapidly from the scalp, and I had the prospect of premature baldness. During several years I used various preparations recommended for the hair, from which I derived no benefit. At length a friend recommended your Hair Tonic. I used three or four bottles according to the printed directions, and at the end of six months, my hair was thick set, and since its tendency to turn grey was arrested.

I have never before given a certificate, recommending patent medicines, which indiscriminately used, as they often are, do much injury, but in a case like the present, where I know the article to be beneficial and that it can do no harm, I have no scruples in stating facts within my own knowledge.

At his store on Pennsylvania avenue, near Gadsby's, to whom we have consigned a large assortment, suited to every age and condition of the eye.

The Perifocal Glasses can be used for the greatest longth of time, either by day or night, with perfoce case, (when selected to suit the state of the eye.) and never cause that giddiness of the head, or analessant sensation to the eyes, that many experience from using the common kind, but tend to attend and improve the sight; as will be seen by the numerous testimonials from those who have used them, which can be examined by calling as above. We ask particular attention to the following certificate:

PHILADELPHIA, Morch 1, 1843.

I liave recommended the Perifocal Spectacles to several patients, and have received from most of them warm encomiums upon the article. They assert that these Glasses do not fatigue the eyes by long use, as is apt to be the case with the double convex Spectacles, while the command of the eyes our the objects of vision is much greater. This corresponds with the opinion any optician would form from his knowledge of the principles upon which these Glasses are adjusted—so as to converge the rays coming from different quarters to the name focal distance. The eyes can be turned to a considerable extent, therefore, under these Glasses, without involving the necessity of moving the head.
